## ACTIVE INGREDIENTS

**Colostrum** – Rich in growth factors, amino acids, and vitamins that accelerate regeneration, improve elasticity, and strengthen the skin barrier.

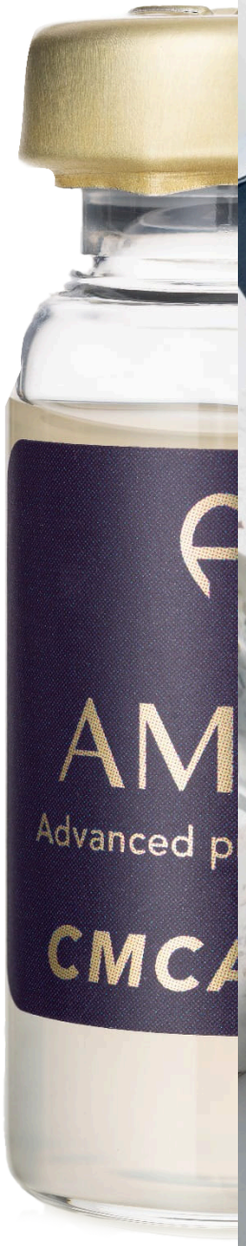

**Monochloroacetic Acid (MCA)** – Effectively stimulates tissue regeneration, evens skin texture, and improves tone. Works in deeper skin layers.

**Lactic Acid** – Exfoliates dead skin cells, promotes hydration and collagen synthesis, and enhances skin elasticity.

**Salicylic Acid** – Deeply cleanses and purifies the skin, unclogs pores, and regulates sebum production.

**Allantoin** – Soothes irritation, supports healing, and improves smoothness.

**Proline, Lysine, Glycine HCL** – Amino acids that support collagen synthesis, regeneration, and improve skin firmness and texture.

## Advanced Professional Peeling

AMiKO CMCA Peel is an advanced peel containing colostrum, enriched with a powerful blend of **AHA, BHA, and IMCA acids**, guaranteeing outstanding and safe post-treatment effects.

### WHY COLOSTRUM?

Colostrum is a substance rich in natural growth factors, amino acids, vitamins, minerals, and proteins that **stimulate skin regeneration and healing**.
It strengthens the skin barrier, supports recovery, and has a **soothing and rejuvenating effect**.
It stimulates **collagen production**, restores vitality, and improves the elasticity and structure of the skin.

### EFFECTS:

- Improvement of skin texture and pore reduction
- Reduction of hyperpigmentation and evening of skin tone
- Regeneration, hydration, and nourishment of the skin
- Reduction of photoaging signs and sun-induced pigmentation
- Improvement of skin elasticity and firmness
- Antioxidant protection
- Smoothing of fine lines and wrinkles

- **Volume: One 10 ml vial**
- **2 ml per facial treatment (5 treatments per vial)**

# BASIC PROCEDURE

A treatment focused on smoothing and evening out skin tone, reducing post-inflammatory changes, nourishing and improving elasticity, as well as preparing the skin for other aesthetic procedures.

### INDICATIONS

- Dull skin
- Uneven skin tone
- Rosacea
- Uneven skin texture
- Post-inflammatory scars
- Lack of hydration and elasticity
- Fine lines and wrinkles

### TREATMENT COURSE

A series of 4–6 sessions, performed at 10-14 days intervals.

### PRECAUTIONS

- **Allergies:** Do not use this product if you have a known sensitivity or allergy to any of its ingredients.
- **Patch Testing:** It is mandatory to perform an allergy patch test 4–6 days prior to beginning the AMiKo CMCA peel therapy.

### SKIN PREPARATION

For 7 days prior to treatment, discontinue the use of active ingredients, including AHAs, BHAs, Retinols, and mechanical scrubs.
Use the AURIC range as home therapy for 3–7 days before the first session to achieve optimal results.

### PRODUCTS REQUIRED:

- AURIC Cleansing Mousse
- AMiKO Pre-Peel Gel
- AMiKO CMCA Peel
- AMiKO Neutraliser
- AMiKO Post-Peel Mask
- AURIC Post-Treatment Cream
- AMiKO SPF 50

### PROCEDURE

- Clean the skin using AURIC Cleansing Mousse.
- Apply Pre-Peel Gel (leave for 2–5 min, then remove with water).
- Apply 2 ml of AMiKO CMCA Peel (leave for 3–5 min).
- Apply AMiKO Neutraliser (leave for 2 min, then remove with water).
- Apply AMiKO Post-Treatment Mask (leave for up to 10 min, then remove with water).
- Apply AURIC Post-Treatment Cream*
- Apply AMiKO SPF 50.

***CLIENTS SHOULD APPLY AURIC POST-TREATMENT CREAM AT HOME FOR A MINIMUM OF FIVE DAYS TO PREVENT COMPLICATIONS."**

### ESSENTIAL HOME CARE

**PROTOCOL: USE FOR A MINIMUM OF 5 DAYS POST AMIKO CMCA PROFESSIONAL THERAPY.**

- **CLEANSE:** Auric Mousse – Gentle, hydrating cleanser.
- **DAY:** Auric Day Cream – Apply 2x daily to hydrate and energize.
- **NIGHT:** Auric Night Cream – Restorative overnight repair.
- **BOOST:** Auric Serum – For optimum results and wrinkle reduction.
- **PROTECT:** Auric SPF 50 – Essential daily UV protection.
